

SECTION 01113
DIVISIONS OF TECHNICAL SECTIONS OF CONTRACT DOCUMENTS

1.1 THE REQUIREMENT

- A. The General Conditions and General Requirements are arranged into the Construction Specifications Institute (C.S.I.) sixteen (16) Divisions - Section format. Each "Section" constitutes a unit of work and related "Sections" are grouped under broad generic headings called Divisions.
- B. The organization of the Technical Sections of the Contract Documents into Division, Sections, and articles shall not control or limit the CONTRACTOR in dividing the work among Subcontractors, a Sub-subcontractor, or to establish the extent of work to be performed by any trade. The CONTRACTOR shall be solely responsible for all subcontract arrangements of work regardless of the Contract Documents organization.
