SUBJECT: Los Angeles River Ecosystem Restoration Project
Final Integrated Feasibility Report (IFR) and Consideration of Project
Approval by the City of Los Angeles

The City of Los Angeles (City), in conjunction with the U.S. Army Corps of Engineers (Corps), has prepared the Final Integrated Feasibility Report (IFR), which includes the Final Feasibility Report and Environmental Impact Statement (EIS)/Environmental Impact Report (EIR) for the proposed Los Angeles River Ecosystem Restoration Project.

The Final IFR includes comments received on the Draft IFR during the public review period from September 13, 2013 to November 18, 2013. Specifically, Appendix L of the Final IFR includes all comments received via mail, email, and at the Public Meeting held on October 17, 2013, along with the Corps' and City's responses to these comments. Please refer to the Table of Contents in Part 2 of Appendix L for the organization of the responses to comments. Specific comments and responses can be located electronically by using the search function with the commenter's name.

The Final IFR and related documents for the Project can be downloaded at the following websites:

- The City Department of Public Works Bureau of Engineering's (BOE) website:
<http://eng.lacity.org/techdocs/emg/lariver.htm>
- The City's LARiverWorks website:
