Wednesday, January 27, 2021
5-6:30 p.m.

7TH STREET STREETScape

The City of Los Angeles Bureau of Engineering is undertaking the 7th Street Streetscape Improvement Project to allow the area to fully realize its potential through transformative and achievable improvements that will make 7th Street a more dynamic and viable urban environment for pedestrians, cyclists, businesses and residents.

PROJECT GOALS

To improve the pedestrian experience, bicycling connectivity and safety, and the transit experience for riders and operators.

HOSTED ON ZOOM (in English with interpretation in Spanish)
