COMMUNITY WORKSHOP #4 QUESTIONNAIRE

Based on prior community input we have identified the following enhancement areas for the Master Plan design. Please help us refine & prioritize these by indicating your level of support for each of them.

1. THE EMBANKMENT
   Replaces asphalt and adds planting, boulders, and small seating terraces.

2. THE PROMENADE (ORANGE LINE)
   Creates a continuous loop for walking and jogging around the interior of the Complex including shade trees, seating, and planting.

3. THE EDUCATION CENTER
   Provides spaces for classes, volunteer opportunities, community gathering, as well as restrooms and a potential snack bar.

4. UPLAND HABITAT (KNOLL & EUCALYPTUS GROVE)
   Tree replanting program as well as ground cover planting to increase habitat value at the Eucalyptus Grove and Knoll.

5. THE KNOLL
   Small footpaths leading to a shade structure at the top of the Knoll which can be used as an outdoor classroom.

6. GREAT & SLOPED LAWNS
   Generous flat and sloped open lawns with shade trees create flexible spaces for a variety of uses and diverse ways to experience the reservoirs.

7. THE PICNIC GROVE, GARDENS & INFORMAL PLAY WALK
   Picnic seating under shade trees and drought tolerant gardens are combined with a meandering path and informal play for all ages.

8. WETLAND HABITAT
   Floating islands and wetland terraces provide shallow wading habitat for local and migratory birds and enable the addition of fish to the reservoirs.

9. IVANHOE
   An overlook, shade structure, wetland terraces and islands, as well as footpaths to an observation platform create an immersive ecological experience and can be used as an outdoor classroom.

10. SILVER LAKE RECREATION CENTER & DOG PARK
    Renovating and expanding the dog parks, building a new multi-purpose recreation building, and relocating and upgrading the existing play field and basketball court.

OUT OF THESE TOP 10 ENHANCEMENTS, WHICH ONE ARE YOU MOST EXCITED ABOUT?

QUESTION 11 – WHAT ARE YOU MOST EXCITED ABOUT?

- The Promenade (Orange Line): 994 (20.5%)
- Wetland Habitat: 814 (16.9%)
- The Embankment: 700 (14.5%)
- Upland Habitat: 547 (11.3%)
- Recreation Center & Dog Park: 499 (10.3%)
- Great & Sloped Lawns: 375 (7.7%)
- The Picnic Grove, Gardens & Play: 335 (6.9%)
- The Education Center: 247 (5.1%)
- The Knoll: 212 (4.4%)
- Ivanhoe: 119 (2.46%)
COMMUNITY WORKSHOP #4 what we heard

Based on your input throughout the Master Plan process we developed six Key Goals or themes for the design. Please indicated how well the Preferred Plan addresses these goals.

<table>
<thead>
<tr>
<th>A. ENJOYING NATURE</th>
<th>B. WELLNESS</th>
<th>C. FAMILY FRIENDLY</th>
<th>D. EDUCATION</th>
<th>E. COMMUNITY GATHERING</th>
<th>F. WATER ACCESS</th>
</tr>
</thead>
<tbody>
<tr>
<td>With the promenade, overlooks, small seating terraces along the embankment at habitat areas and the enhanced and expanded upland and wetland habitats areas, the preferred plan offers the right balance between connecting people with nature and providing protected habitat.</td>
<td>With the promenade, walking paths and trails, sloped and flat lawns, and expanded recreation center, the preferred plan offers the right amount of open, flexible space to promote wellness-based activities.</td>
<td>The picnic grove, flexible lawns, visitor center (at education facility), restrooms, informal play walk, plus expanded Recreation Center in the preferred plan provide the right amount of spaces for all ages.</td>
<td>The single education facility with indoor / outdoor classroom spaces plus the shade structures and observations platforms which can serve as outdoor classrooms included in the preferred plan are the right amount of education facilities for the park.</td>
<td>The generous, flexible lawns (which can be used for occasional large events), variety of seating areas throughout the park, and centrally located education facility in the preferred plan are an appropriate combination of places to meet and connect with friends and neighbors.</td>
<td>With the sloped lawn, seating terraces, and small walkways to observation platforms and floating dock, the preferred plan offers the right amount and variety of opportunities to enjoy the water.</td>
</tr>

THANK YOU FOR PARTICIPATING IN COMMUNITY WORKSHOP #4, WE LOOK FORWARD TO SEEING YOU THROUGHOUT THIS PROCESS!
QUESTION 12 – ENJOYING NATURE

With the promenade, overlooks, small seating terraces along the embankment at habitat areas and the enhanced and expanded upland and wetland habitats areas, the preferred plan offers the right balance between connecting people with nature and providing protected habitat.
**QUESTION 13 – WELLNESS**  
With the promenade, walking paths and trails, sloped and flat lawns, and expanded recreation center, the preferred plan offers the right amount of open, flexible space to promote wellness-based activities.
